

### CarMax Brooklyn Park, MN

594 stalls, 350-12" numbers, 47-16" letters, 12 arrows and 7 Handicap stencils

Using The Laser and Graco Auto Layout machine this job took 3 people 5.5 hours  
Start to finish 2 coats of paint on everything.

The Traditional striping methods using a 300' tape measure and a string line this same job with the same 3 people on the job would have taken us 9-11 hours depending on wind conditions.

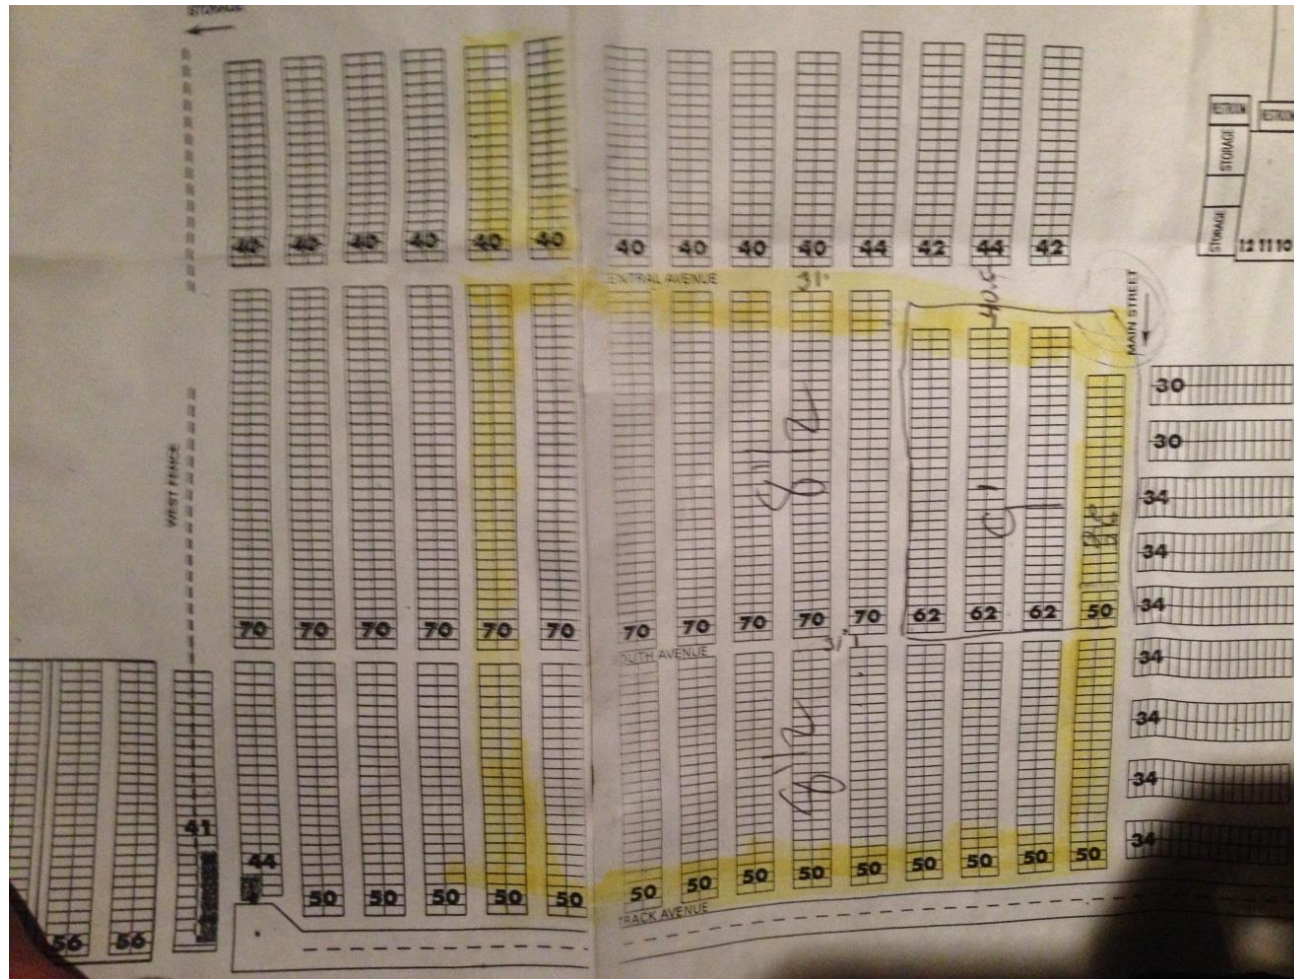

**Gateway North Business Center Otsego, MN**

182 x 72' lines, 40 x 22' lines, 110 x 18' lines and 5 Handicap stencils  
 2 People using the Laser and Auto Layout did this job in 4 hours on a bright sunny day.

Traditional striping methods would have taken the same 2 people 8-10 hours.

### Manheim Auto Auction Brooklyn Park, MN

1,356 Stalls. 41,000 Linear Feet of striping. This job took 3 people 5.5 hours using the Laser and Auto Layout. Traditional striping on this job would have been 2 to 3 times longer (between 11 and 16 hours) based on the windy conditions on the night we striped it. We were amazed how good, and fast this job went. The lines were perfectly straight and the customer was extremely pleased.
